## The Council proposes the following list:

### Election of Ordinary Members

**Dr Helen Elizabeth Driver**

Proposer: Dr G. Johnson

Secunder: Mrs E. Robb

Elected as a Fellow 12/06/2008

Dr. Elizabeth Driver BSc, MBBS, FRCPath

I have a keen interest in Asia, initially focussed on the life and work of Colonel James Tod and his travels in Rajasthan and on Indian art but now, through wide reading and several years as a Fellow of the RAS, my interests are much broader. I have served on Council and on the Finance and Investment and House and Events committees.

Professionally, I have spent most of my career as a medically qualified lawyer specialising in defence work for pharmaceutical companies in product liability cases involving injuries alleged to be caused by drugs or medical devices.

I am a qualified mediator. I retired two years ago. I was a diagnostic histopathologist at the Royal Marsden Hospital, Sutton and research scientist at the Medical Research Council Toxicology Unit. I was an Honorary Lecturer in Clinical Pharmacology, University College London and an examiner for the Royal College of Pathologists.

I was a Trustee, Royal Society of Medicine where I chaired the Audit Committee and chaired an ad hoc Working Party to investigate financial problems. I was a trustee of the Marine Society and Sea Cadets, which brought me into contact with Vice-Admiral Sir Jonathan Tod, a direct descendant of Colonel James Tod, and thus to the RAS. I have also been a trustee of Enham (charity for physically disabled adults based at Enham Alamein, near Andover) and of Plants and People Africa (a small charity supporting research on plants and their uses in Botswana). I am a Liveryman, City of London Solicitors

I now live in rural Somerset with a fox terrier called Percy and look after an excessively large garden.
